

Do you believe that God sets appointments for you? We see several times in the book of Jonah where “God appointed”. God appointed the fish, the plant, the worm, the scorching wind. When walking throughout our days, are we looking for what He has appointed? Do we only see the good things He appoints? How are we responding to things God appoints that are purposed to draw us closer to Him or to stretch our faith? Look for what God is doing; give Him praise, love Him more, and may we walk obediently with Him!

Today I’m asking for God’s forgiveness and His help as I realize I have been fighting against God’s appointments in my life.

I am praising the Lord for His appointments in my life!
